

We started with a simple idea, to bring world-class smashburgers to our city. Smash Guys was built in public, with our journey shared step by step on YouTube, from idea to opening night.

This isn't just a restaurant, it's a story we've shared with our community from day one.

If you haven't followed it yet, scan the QR to watch how it all came to life.

— AB & Nikhil Gupta, Co-Founders, Smash Guys
